

Worship Values

- Dynamic Worship Experience—flowing together to form a unified whole. Speakers have a spirit of worship and the whole team is on the same page, prayerful attitude. Our “feel” can be unique to us. Carefully “planned” transitions to accommodate the moment. Teaching worship in the context of worship.
- Compelling Story—sharing our vision, values and biblical message through a variety of media and life experiences. Celebrate what we want others to replicate.
- Missional Vision—personal & church vision is shared and experienced. What do we want to communicate with the outside world? “Extraordinary sacrifice demands extraordinary vision.” Love, Build, Serve? A missional church of authentic, reproducing disciples.
- Authenticity—relaxed when mistakes occasionally occur, seeking to do our best. Realness. The right people serving in the right places, real, funny when appropriate. Following the plan but sensitive to God’s spontaneous leading.
- Presence of God’s Spirit—from beginning to end, people praying before and during the service. Congregational response in what they say and do. A Spiritual event for people. Overflowing from our worship services into our daily lives. Appeal, plea, entreaty, petition, fresh, alive.
- Loving Community—warm and welcoming, loving hospitable. Making time and opportunity to show this. Parking to pew.
- Revolutionary Word—transformational, deep preaching with clarity and boldness. Creativity in drama, video, reading. Not the same old. Not routine or hum-drum. Engaging our culture. Teaching God’s Word to transform lives.
