Thank You to our Sponsors

We welcome the Evangelical Christian Credit Union as a sponsor, www.eccu.org. The Evangelical Christian Credit Union (ECCU) is a trusted banking resource that shares your passion for kingdom impact. With wisdom gained from more than 40 years of experience serving evangelical ministries, we are helping churches in all 50 states increase their effectiveness through biblically based banking, financing, and investing services.

Thanks to our friends at Generis Partners, www.generis.com, for being a sponsor. Generis says:

“True giving is a deeply transformative act. At Generis, we believe it’s less about raising capital and more about raising the

spiritual consciousness of people. It’s about meeting churches where they are and helping them achieve their own true vision according to their unique culture. Whether that entails a video venue, multi-campus site, or raising a daunting amount of capital, Generis consultants are ready to share the Leadership’s risk—because they understand it. Brad Leeper and his counterpart, Gerald Farley, have both served in church leadership roles and have real-life experiences to offer far beyond that of most industry consultants.”
