

Welcome to the 2007 Pastors Executive Forum!

Welcome to a terrific time of learning, stretching and relationship building. The purpose of this event is to give you an overview of the entire building process—a to z. The overview will be at a high level, but will have plenty of specific take home application. XPastor & WFX desire to help you lead, manage and *build* the church—and we want to help all of us learn from one another and serve Christ better. We have a team of talented leaders from many sizes and “brands” of churches ready to work with you.

At the Forum, remember that ...

- ◆ The Case Study method looks in-depth at a real life scenario. The case method requires you to carefully analyze the material and then discuss it at your small group. Most likely, case study is radically different from your prior educational experience. The method does not give predigested “answers,” but lets you discover principles of ministry. You then apply the principles to your church.
- ◆ You may not agree with everything you hear ... wonderful! At the forum we have a diversity of denominations, races and beliefs. We will enjoy unity in the essentials of the faith and be gracious with our differences.
- ◆ If you have a question, please ask! We will have plenty small group and large group discussions. The Forum will be a success as we learn from one another.

If you have an emergency, please talk to one of the seminar leaders. Also, at any time you can reach us at 512-789-4859. Again, welcome to the Forum.

Learn from us—as we learn from you!

A handwritten signature in green ink, which appears to read "David Fletcher". The signature is written in a cursive, somewhat stylized script.

David Fletcher

PS—if you take home just one idea from today that saves you \$10,000 or \$1,000,000, then what a successful day!
